## City Board To Suspend Those Not Immunized

By DEBBIE N. LEE  
Staff Reporter

The number of students in the city school system who have not received state-required immunizations has dropped from 572 to 261 as of Thursday, Willie Jackson, supervisor of pupil personnel, told the members of the Murray Board of Education at their meeting Thursday night.

The meeting, which was held in the Murray High School library, followed a one-hour meeting with the faculty of Murray High.

The 261 students are broken down into 151 at the high school, 56 at the middle school and 54 at the elementary schools. Of these 261, 43 students are in the process of being immunized in accordance with state law.

The board will send a letter to the parents of the non-complying students today or Monday stating that if the students are not immunized before Monday, Nov. 27, then the student will be temporarily suspended until the matter is corrected.

Jackson also reported to the board that seven were enrolled in the system's Basic Adult Education class, instead of the enrollment of 12 which is necessary for funding. The board directed Jackson to investigate the possibility of a merger of the class with the Calloway County class, which has an enrollment of eight.

Roy Weatherly, principal of Murray High School, reviewed Murray High's attendance policy which has been in effect since the beginning of school this year.

Weatherly said, "It's working. It's not a solution and it's not working at 100 percent efficiency or accuracy, but we aspire for it. All in all, it merits its continuation."

He will report to the board again on the policy in mid-March.

## Cathey Trial Is Continued Until A Future Date

Calloway County Circuit Judge James Lassiter has continued the murder trial of Hal B. Cathey, originally scheduled to begin here Monday.

Commonwealth Attorney Ron Christopher said today Lassiter continued the case "generally with no date for a trial determined yet."

"The defense (public defender Marvin Prince) moved for continuance, which the Commonwealth couldn't object to, to have an opportunity for independent scientific analysis of what could be pertinent evidence in the case."

Judge Lassiter conducted the motion hearing in connection with the case Thursday.

Cathey is charged in connection with the June beating death of a Murray State University coed, Vicki McChesney.

Jurors called for the special circuit term are expected to report to circuit court Monday.

gifted-talented program in the city schools, said that at present 47 students from the high school and 38 from the middle school have been identified as gifted or talented. Criteria for the elementary schools is now being developed in order to identify this group in January.

Mrs. Brown stated that identification of the high school and middle school students was accomplished by the use of intelligence scores, achievement scores, teacher recommendations, parent inventories and special performing arts talent or leadership talent. Twenty-five teachers and two counselors are now involved in the program, which was funded by a grant.

Students in the program are participating in such activities as seminars, independent studies, field trips, workshops, and shadowing and interviewing people in different professions.

In other action, the board decided to advertise for bids for the three-year insurance package. Bids will be opened Jan. 10, prior to the Jan. 11 board meeting.

**LEADERSHIP WORKSHOP** — Among 55 seniors selected from area high schools to participate in a Leadership Enhancement, Achievement and Development (LEAD) workshop at Murray State University Nov. 5-6 were (seated from left): Terry Smith, Mitzi Cathy, and Keane Gregory, all of Murray High School, and Steven Armstrong of Caldwell County High School. Shown with them is Dr. Lowell Latto, an assistant professor in the Department of Instruction and Learning at Murray State and one of the workshop facilitators. Participants were selected on their leadership potential to attend the workshop, which focused primarily on the development of interpersonal skills and decision-making capability.

## Calloway Track, Field Paving Due

## Middle School Site Preparation Continues

Preparation of the site for a new Calloway County School System middle school is moving at a steady clip. A footing for the \$1.8 million facility on College Farm Road near the present high school could be poured within a week, Calloway County School Superintendent Jack Rose reported Thursday night.

During the regular county school board session, Rose told board members Ferrell Miller, Lubie Parrish, Billy Joe Kingins, Walter Byars, Joe Dyer, and newly elected board member, Jerry Overbey, who'll take office in January, that a revenue bond check or the middle school and field house construction project will be delivered to school officials Nov. 16.

Calloway County Fiscal Court members and board of education officials recently accepted bids for revenue bonds to finance the two projects. Of the J.J.B. Hilliard and W.L. Lyons bid Rose said, "I was very enthusiastic about the rate, which was 6.02 percent, considering the market. We had two other strong bids and I think that indicates the confidence they have in Calloway County."

"We (the board) would like to express our gratitude to Judge-Executive Robert O. Miller and the fiscal court in working with us to sell the bonds," Dyer said. Because bonds of education cannot float revenue bonds in Kentucky, the county school board financed the middle school and field house

project through the auspices of the county fiscal court, officials say.

Rose said "blocks are up to the floor level" on the high school athletic field house and he indicated a track and field complex directly behind the high school may be ready for paving this weekend. Emerine Construction has that project.

In other school board action Thursday night, board members okayed a number of bids for various food and other cafeteria items for another three months. Rose noted that food prices have increased over three percent since school officials last took bids earlier this school year.

School officials are also expected to soon advertise for bids on school property insurance.

School board members also Thursday night:

— Accepted utility tax audits for fiscal year 1977 which ended in June. That audit shows Calloway County School System receiving \$260,665 in utility tax money for the period while Murray City School System got \$168,833. The money is assessed on the bills of customers in this county using assorted electric, gas, water, sewer and telephone systems.

— Went into an executive session to discuss personnel and before adjourning accepted resignations and leaves of absence and hired a few substitute bus drivers, food service workers and a teacher's aide.

## WKMS-FM Gets Grant To Expand Station

Kentucky First District Congressman Carroll Hubbard announced today the award of a \$150,000 grant to Murray State University for the expansion and upgrading of its public radio station, WKMS-FM.

The grant will make possible a major

expansion of public, non-commercial radio throughout west Kentucky. By spring the Murray State station will increase its broadcast power from 13,000 to 100,000 watts and expand its listener area to more than 600,000 people within a radius of approximately 90 miles of the Land Between the Lakes

antenna.

Recently approved by the Federal Communications Commission, the power increase will be funded by the \$150,000 grant from the U. S. Department of Health Education and Welfare. Dr. Constantine W. Curriss, MSU

president, noted that the grant will better enable the university to fulfill its mission as a regional university serving West Kentucky.

"This grant is a significant milestone in the university's history," he said. "We are deeply appreciative of the support of our congressional delegation, especially the assistance of Rep. Carroll Hubbard."

WKMS, which broadcast at 91.3 on the FM dial, is affiliated with the National Public Radio network. Its schedule consists of more than 50 different cultural and informational programs, ranging from classical music and opera to jazz, bluegrass music, in-depth news and public affairs, drama and even an award-winning program for children.

## Political Jockeying For Races Next Year Gets Into Full Swing

By HERBERT SPARROW  
Associated Press Writer

FRANKFORT, Ky. (AP) — The political jockeying for next year's statewide offices is in full force now that the last restraints of the general election have been shed.

Secretary of State Drexell Davis was to announce today that he will seek the Democratic nomination for a second term as state treasurer.

Davis, who served four years as treasurer before being elected secretary of state, is one of the first candidates to get into the race for the so-called "secondary offices." Most attention has been directed on the top two spots in next year's election — governor and lieutenant governor.

State Supreme Court Clerk Martha Layne Collins said Thursday she will hold a news conference Monday at the Woodford County Courthouse in her hometown of Versailles.

Mrs. Collins is expected to announce she will seek the Democratic nomination for lieutenant governor. Mrs. Collins, 41, was the only major candidate for governor or lieutenant governor who had not announced or set a date for an announcement.

Former state Commerce Commissioner Terry McBrayer — considered the choice of Gov. Julian Carroll to succeed him — will officially announce his candidacy for the Democratic gubernatorial nomination Tuesday.

State Rep. Steve Beshear, D-Lexington, became the first candidate to officially enter the attorney general's

race Thursday with a series of news conferences around the state.

And Ralph Ed Graves, commissioner of the Department for Local Government and a former state representative, dropped a bombshell Tuesday when he said he would seek the Democratic nomination for governor.

Candidates who had already announced were busy this week also. William Cox, former state legislator who resigned as federal highway administrator to run for the Democratic nomination for lieutenant governor, held a fund-raiser Wednesday in Frankfort.

Cox led two busloads of hometown supporters from Madisonville called "Cox's Army" on into eastern Kentucky. Meanwhile, another Democratic lieutenant governor hopeful, Jim Vernon, scheduled a series of news conferences today.

Vernon, a former commissioner of public information, was to appear in Lexington, Louisville, Bowling Green and Paducah "to disclose plans concerning his campaign."

And Tuesday's victory by Republican Larry Hopkins in the 6th District congressional race stirred up speculation about who will seek the last three years of his term in the state Senate.

Just one day after the election, Lexington Democratic attorney Julius Rafter and Republican state Rep. Jack Trevey indicated they were interested in the 12th District seat.

Also mentioned in connection with the seat, which will be filled in a special

election called by the governor, are Democrats Jack Hall — a top aide to Gov. Julian Carroll — and Jeanne Dawahare and Republican Joe Graves, who preceded Hopkins in the senate post before stepping down to run unsuccessfully for Lexington mayor last year.

## TVA Says Rates May Not Rise Until Next Year

By MATT YANCEY  
Associated Press Writer

KNOXVILLE, Tenn. (AP) — Tennessee Valley Authority electric rates, will not likely be raised again until April but the fuel adjustment charge that has spurred consumers' complaints may disappear in January.

Chairman S. David Freeman and Director Richard M. Freeman, who are unrelated, said Thursday that winter is the worst time to raise rates because consumers already are burdened with above-average bills due to heating demands.

"It will take a very powerful argument to convince me that we need to raise rates in January," David Freeman said. "However, it is inevitable that we will need some increase in April."

## City Joins State Pool For Jobless Insurance

Approval of an unemployment insurance plan for city employees was one of several items of routine city business handled by the Murray Common Council in its regular session Thursday evening.

The council authorized the city to join the Kentucky Municipal League pool fund for unemployment insurance. The city will be assessed one percent of the first \$6,000 of each employee's wages as its share of the insurance cost.

Other forms of unemployment insurance available include the "contributory fund" under which the city would pay 2.7 percent of the first \$6,000 of an employee's wages and the "reimbursement" method under which the city would be obligated to reimburse the state, dollar-for-dollar, all unemployment claims paid.

The council authorized the advertisement for bids on the purchase of two used vehicles for the Police Department. The bid specifications are to request cars that have been purchased from rental agencies (such as Hertz or Avis) and have between 9,000 and 12,000 miles on their odometers. Bids are to be asked on 1978 Ford LTD's or comparable models.

The council also granted the public safety committee permission to sell two patrol cars via sealed bids.

Water and sewer system superintendent Tommy Marshall reported that the parties affected in the extension of a water main from Duiguid Drive to Utterback Road have apparently all agreed to participate in the cost of construction of the line. It was earlier reported that some property owners did not want to participate which would have forced the council to invoke a city ordinance declaring those properties as "non-participating."

The affect of that ordinance, when invoked, restricts the present or future property owners from tying on to the water line without paying the pro-rata share of the cost of installing the line.

In other business, the council:

— Rescheduled the Nov. 23 regular meeting to Thursday, Nov. 30, due to a conflict with the Thanksgiving holiday.

— Was advised by councilman J. D. Outland the university-city council committee is currently studying the installation of caution lights, lowered speed limits and pedestrian crosswalks on N. 16th Street and that a recommendation is expected in the near future.

— Was advised by Mayor Melvin B. Henley that a meeting between the budget committee and the public works and public safety committees has been slated for Nov. 21.

— Was advised that the street department's leaf machines are presently out of service. Street department superintendent Ray Clark a new machine, just received by the city, is not functioning properly and he hopes to have it in service within a few days. Clark reported that the "bagged" leaf pickup service is working very well, however.

**CHRISTMAS LIGHTING DONATION** — Buddy Buckingham, left, chairman of Murray's Christmas decoration fund campaign, accepts a \$200 donation from the Murray Optimist Club from club secretary-treasurer David Travis. The Optimist Club responded to the call for funds for Christmas decorations for the city by pledging \$200 a year over the next three years. Other individuals, organizations and business firms wishing to make donations to the fund should contact Buckingham at 753-3232 or 753-8040.

## Rush Events Held By Zi Alpha Delta

The Zi Alpha Delta Chapter of Beta Sigma Phi recently concluded fall rush activities by accepting five new members at the model meeting held Oct. 19 at the Ellis Community Center.

Mary Graves, president, presided. Refreshments were served by the hostesses, Rheanetta Coleman and Rowena Emerson.

The new members were entertained with a "wild west" supper on Oct. 5. Members and guests enjoyed a barbeque from the "campfire" and all the trimmings. A prize was given to Linda Knight for the best western outfit.

The new Beta Sigma Phi sisters are Norma Ormalanec, Linda Knight, Janice Martin, Joyce Nunely, and Peggy Graves.

All members of the Zi Alpha Delta Chapter were present for both meetings. They include Ella Brown, Barbara Chilcutt, Rheanetta Coleman, Rowena Emerson, Brenda Estes, Mary Graves, Linda Hodge, Vicky Holton, Beth Lasater, Shirley Martin, Wanda Morris, Lois Ruiz, Peggy Shoemaker, Joyce Thomas, Pam Thornton, Debbie Villafior, Barbara Williams, and Glenda Wilson.

### TOO MUCH CREAM

You've whipped a carton (one cup) of whipping cream but it's not all used. What to do? Return it to the refrigerator, then re-whip it the next day when ready to use. You don't get quite the same volume as the first time around, but it does fluff and still tastes good.

## Local Scene Flora-Ryan Vows

Miss Virginia Nell Flora

Mr. and Mrs. Wayne J. Flora announce the engagement and approaching marriage of their daughter, Virginia Nell, to Dowell Key Ryan, son of Dr. and Mrs. Louis C. Ryan.

Miss Flora is the granddaughter of Orville Anderson and the late Mrs. Anderson, and the late Jack Flora and the late Mrs. Toy McCuiston. Mr. Ryan is the grandson of the late Mr. and Mrs. R. W. Key and the late Mr. and Mrs. Nat Ryan, Jr.

The bride-elect, a graduate of Murray High School, received her degree in criminology and corrections from Murray State University where she was a member of Alpha Gamma Delta social sorority. She is presently employed in the office of Calloway County Attorney Max Parker.

Mr. Ryan, a graduate of Murray High School, will receive his degree in history and government from Western Kentucky University, Bowling Green, in December.

The wedding will be an event of Saturday, Dec. 30, at the First Baptist Church. Only out of town invitations will be sent, and all friends and relatives are invited to attend.

## Doc Is Able, But Unstable

DEAR ABBY: If a doctor is not stable in his personal life, would you lose confidence in him as a physician?

I think my doctor is the best for miles around, but now that he is in the process of getting his fourth divorce, I wonder if it's possible for his judgment to be so bad in one department but not in another.

His first wife was a fine, attractive woman. He simply tired of her and found a new love. It was the same story with the other three. He made generous settlements on all of them.

How would you feel, Abby? Would you still have confidence in him as a doctor?

WONDERING IN TEXAS

DEAR WONDERING: I know it's possible for some people to be brilliant in their own fields, but inept, inexperienced and hopelessly naive in other matters. Personally, as long as my physician provides me with competent professional care, how he handles his personal life is his own business.

DEAR ABBY: I am 42 and very much in love with a beautiful, 27-year-old model. Her divorce (for which I am paying) is now pending. She has three children.

I bought her a new car, and have spent more than \$15,000 on clothes for her and her children in the last six months. She says she loves me, but I don't see much of her. I see her only on Monday nights because on Tuesdays she sees an old boyfriend she says she has to "let down easy." On Wednesday night she goes out with her boss. On Thursday night she goes out with the girls. On Friday night she stays home and does her laundry, and she lets her husband come over on weekends because he misses the kids.

My friends say I am being taken for a ride. Am I?

SAMMY IN MIAMI

DEAR SAMMY: Not only are you being taken for a ride, you'll be lucky if you aren't killed in the traffic.

DEAR ABBY: My conscience is bothering me and I have other problems, too. I'm a 15-year-old who everybody thinks is a "very nice girl." But I'm not as nice as they think.

My girlfriend and I went to a movie one Saturday and let ourselves be picked up by a couple of guys. They had a car so we went for a ride afterwards. We parked and made out (only light necking—nothing serious). We really aren't pickups and don't know what made us act like that.

Well, I've seen this guy a couple of times on the sneak since then, but he never wants to come in and meet my parents. All he ever wants is to park and make out. I really like him, Abby. How can I make this a respectable relationship? I feel ashamed and dirty.

AIRES

DEAR AIRES: Even nice girls sometimes act on an impulse, so don't be so quick to put yourself down. You can make your relationship respectable by telling the boy that you (a) are through sneaking around to meet him, (b) insisting that he meet your parents. If he doesn't agree, lose him. He's only interested in using you.

Who said the teen years are the happiest? For Abby's new booklet "What Teenagers Want to Know," write Abby: 132 Lasky Dr., Beverly Hills, Calif. 90212. Enclose \$1 and a long, stamped (28 cents), self-addressed envelope, please.

Accident victims should be aware of the importance of a chiropractic examination to determine if injuries include whiplash. Whiplash injuries may not be manifested until 48 hours or so after the accident.  
After sleeping for a night or two, a soreness or stiffness in the neck or lower back may be experienced. This may indicate a whiplash injury, which results from the sudden, violent thrust of the head and neck in any direction, as often occurs in an auto accident.  
Treatment of whiplash by a doctor of chiropractic within three weeks of an accident may prevent a life-time of discomfort, headaches and associated problems in the neck or lower back.

### Information on insulin

Lawrence E. Lamb, M.D.

By Lawrence Lamb, M.D.

DEAR DR. LAMB — I would like to know if you have any information about the drug insulin? What diseases is this drug used for? What are the aftereffects of insulin and what happens if you have an overdose?

DEAR READER — Insulin is not a drug. It is a hormone. It is a protein. The insulin protein is made up of a combination of many different amino acids. Its chemical structure is relatively complex.

The islets of Langerhans in your pancreas form insulin. The insulin is a major factor in controlling the level of your blood glucose (sugar). If you don't produce enough insulin, that is one cause of diabetes, meaning a high blood glucose level. This is the main reason for giving insulin to anybody.

In the past, small amounts have been used in an effort to try to stimulate people's appetites, or larger amounts have been used to induce insulin shock in psychiatric therapy. But, in general, the main purpose of insulin is in individuals who don't produce enough insulin hormones themselves, and that means in the treatment of diabetes.

Too much insulin can cause you to develop a low blood sugar. You can have mild symptoms of this with

sweating and tremulousness, or the symptoms can progress to the point of being in shock. To give you a better understanding of insulin's role in diabetes, I am sending you The Health Letter number 3-11, Diabetes: Diagnosis, Prevention and Management.

Other readers who want this information can send 50 cents with a long, stamped, self-addressed envelope for it. Address your request to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

DEAR DR. LAMB — About two years ago I was cutting grass with a gas lawnmower. In order to start it I would have to wind up the arm of the mower. It was not easy to do and I had to do this several times a day with my right arm.

That summer I noticed that the right side of my chest was larger than the left side. I also noted that the left side went in, especially at the top, under the collar bone to the left of my breast bone. My pediatrician said I have a pigeon chest. Could this have been caused by the excessive development from starting the lawnmower? I am 14 years old, 5-feet-8 and weigh 110 pounds.

DEAR READER — A deformity of the breast bone (sternum) and chest area is not uncommon. This can be with the breast bone bowed

forward causing the chest cage to be in the shape of a chicken's breast, which is the source of the term pigeon chest. Or, the breast bone could be depressed inward, called pectus excavatum. Then it is quite common for one side of the body to be a bit larger than the other side.

As long as these are minor variations, they usually cause no disorder in body function. But they can cause a person to be concerned about his physical appearance, usually more concerned than the condition warrants.

If they are simply minor deformities, you are probably better off not to worry about them, or to do anything about them. If there is a major distortion, particularly a depression of the sternum, the deformity can dislocate the normal position of the heart, and perhaps cause changes in the normal dynamics of breathing. These sometimes need surgical correction.

I don't believe your condition was caused by running the lawnmower. The fact that you are able to do that amount of physical exertion suggests to me that the deformity you have does not limit your physical capacity. You will probably always have a disproportion in the size of your chest and some deformity.

## Your Individual Horoscope

Frances Drake

FOR SATURDAY, NOVEMBER 11, 1978

**LEO** (July 24 to Aug. 23) ♌  
Your attraction for the opposite sex could cause problems today. Best to keep romantic situations under control.

**VIRGO** (Aug. 24 to Sept. 23) ♍  
By giving the spotlight to others, you will call attention to your own gift for leadership. Your role today: star-maker.

**LIBRA** (Sept. 24 to Oct. 23) ♎  
An error of judgment may leave you disillusioned. By tomorrow, you'll have a better grasp of the situation and will be happy you acted as you did.

**SCORPIO** (Oct. 24 to Nov. 22) ♏  
Be careful with finances today. Carry only the amount you need lest you're tempted to splurge on something that is unaffordable — at least right now.

**SAGITTARIUS** (Nov. 23 to Dec. 21) ♐  
Your job outlook is excellent today. You will speed through difficult projects, solve problems, deal smoothly with uncooperative co-workers.

**CAPRICORN** (Dec. 22 to Jan. 20) ♑  
Plans you made earlier this week will result in a delightful evening. Look forward to meeting several new and interesting people.

**AQUARIUS** (Jan. 21 to Feb. 19) ♒  
Your conscience is bothering you because you've been careless about writing to a close relative. Pick up the telephone, and say hello.

**PISCES** (Feb. 20 to Mar. 20) ♓  
Lady Luck is smiling in your direction. All indications point to smooth sailing in romance, business, and personal life.

**ARIES** (Mar. 21 to Apr. 20) ♈  
If you can avoid going off on tangents, you'll discover that the road to success isn't all that difficult. Just put everything you have into the task at hand.

**TAURUS** (Apr. 21 to May 21) ♉  
You are tempted to take a financial plunge — and it could work out. Success will depend on how carefully you study all the angles.

**GEMINI** (May 22 to June 21) ♊  
A long-sought goal is almost within reach. If you apply an extra spurt of effort, success could be yours within days.

**CANCER** (June 22 to July 23) ♋  
Stand by for a morale-building compliment that will give you just the lift needed to make an important change in business or in your personal life.

## Contemporary Religious Thought

By Rev. R. E. (Buzz) Rabatin  
Pastor, 1st Presbyterian Church

When we hear the word "Pilgrim," we immediately imagine the Puritans crossing the Atlantic Ocean seeking freedom. We experience the sound of water splashing against the bow of the Mayflower; the feeling of the ship rocking back and forth, back and forth endlessly; the (sometimes bleak) sight of endless waves filling the ocean; the pungent smell of salt water; and the taste of meagre and often hastily prepared food.

The wood pilgrim originally was a description during the Middle Ages meaning "a stranger passing by" — a common sight as many people traveled with a purpose and a destination in mind. A translator of the Bible, William Tyndale, was looking for a word to translate into English the description of Abraham in Hebrews 11, and he thought of the word pilgrim. The King James Version has kept that word, and the New English Bible translates it "passing travelers." Later, in 1630, Governor William Bradford, was seeking a word to describe the life of the Plymouth Settlement—and, recalling the passage in Hebrews, wrote that the people of Plymouth, "like the patriarchs of old," were pilgrims. Eventually, the Plymouth Settlement folks became known as pilgrims as the name caught on.

What does it mean to understand the significance then and the significance of it now? First, to be a pilgrim people is to hold a positive hope for a better world. The book of Hebrews tells us of the Biblical pilgrims, "they were not

yet in possession of the things promised, but had seen them far ahead..." Their orientation was toward the future, not the past. They were looking for a promised land, they were earth-oriented, they had a hope which would be realized in history. They saw a future full of promise. Pilgrims are persons who are not handcuffed by the past and cannot be discouraged, because they have their hopes in the future.

The Plymouth Colony were such persons. So were many who followed in their footsteps. The American people have a history of future orientation, and the promise of America has been the promise of a better world. Today, we seek a world free from hunger, a world where every child is wanted and loved, a world in which all persons interact with dignity as equals, a world where none die before their time, a world where the balance of nature is respected and the riches of nature are not wasted or destroyed, a world where persons are honest and caring toward each other. Such is the kind of world God wants this one to be.

To be a pilgrim, then, is to first hold a positive hope for a better world, and alongside that is, secondly, to do our own part in making the hopes be realized. Pilgrims seek a better world. A world in which HUNGER no longer takes a life every three seconds. Tick, tick, tick — someone else just died of HUNGER. Hunger is one of the struggles in which we are going to have to become involved. We must stop just responding to crises. We must realize, as the pilgrims did, that it is imperative for us to become involved in the

struggles for love, peace, and justice. This may sound like rocking the boat — but we must remember, the only boat that never rocks is the boat that never moves at all.

What this means then is — it is not enough to have dreams, it is not enough to make plans: To be a Pilgrim means, with the help of God, to become involved in the struggles through which God speaks to us today.

You may ask, "What Can I Do?"

- (1) Attend the local chapter meetings of "Bread for the World," which meets the first Monday of each month at 7:30 p.m. at First Christian Church.
- (2) Continue to support your local church's efforts to combat world hunger.
- (3) If you don't belong to or attend a church, and wish to make a financial contribution, call the chairman of the Christmas Basket, Rev. Robert Farless at First Methodist Church, or Rev. R. E. Rabatin at First Presbyterian Church to help right here "in our own backyard."

HEARTLINE: What types of coverage do Medicare supplements offer? — K.M.

There are many types of Medicare supplements offered by many different companies. One insurance company might offer several variations of coverage. Below are listed some of the most basic types of coverage offered by Medicare supplements:

A. Pays the \$144 hospital deductible that you would normally have to pay under Part A of Medicare.

B. Pays the Part A \$36 deductible per day from the 61st through the 90th day of hospitalization which Medicare will not pay.

C. Pays the daily \$72 deductible which Medicare will not pay while using your 60-day lifetime reserve.

D. Pays the Part B yearly \$60 deductible for doctor bills which Medicare will not pay.

E. Pays the 20 percent of reasonable charges for doctor bills which Medicare will not pay after you meet your \$60 deductible under Part B.

F. Pays so many dollars a day from the first day of hospitalization above and apart from the deductibles.

Remember, not all Medicare supplements pay all that is listed above. Some supplements pay a few of these benefits. Very few, if any, pay all of them. Some may have types of coverage not listed above. However, most supplements contain coverage listed in A, B and F.

For persons who desire more knowledge on Medicare supplements, Heartline offers our "Heartline's Guide to Health Insurance." It may be or-

dered by sending \$1.75 to "Heartline's Guide to Health Insurance," P.O. Box 11934, Chicago, Ill., 60611. Please allow six weeks for delivery.

HEARTLINE: I am drawing Social Security widow's benefits. If I get married again, can I still draw my Social Security widow's benefits? — V.P.

If you decide to marry again while drawing Social Security widow's benefits, your benefits would be reduced. The effect on your widow's benefits would depend on your age when you remarry. If you are under 60 (drawing as a disabled widow), you lose your entire benefits. If you are either 60 or 61, you would receive one-half of your widow's benefits.

If you marry again between 62 and 64, you are entitled to an amount equal to the larger of wife's benefits on your new husband or one-half of your widow's benefits. If you are 65 or older, you can receive an amount equal to the larger of one-half of your new husband's Social Security benefit or one-half of your widow's benefits.

Starting in January 1979, there will be a new ruling going into effect concerning the remarriage of a widow. If the surviving spouse remarries after the age of 60, then there will not be any reduction in their benefits.

HEARTLINE: I have purchased recently a Medicare supplement insurance policy. I really don't think it is what I need. I don't know anything about the laws for returning the policy. Can you advise me? — A.R.

If you are not satisfied, or if you have simply changed your mind, you have a right in some states to return the policy (by certified mail) within 10 days to the company for a full refund (including enrollment fee). Some companies offer more than ten days to return the policy.

If you change your mind after the ten days period, in most states you can receive a portion of your money back. But the companies have the right to send back a refund based on what is called a short rate table. This means that the company is going to keep some of your money for their trouble.

## Reverence For The Sabbath

Exodus 20:8-11

Naturally one inquires: "Who instituted the Sabbath?" and "Why was such a day instituted?" God instituted the Sabbath. The origin of the day really goes back to creation. Six days had been consumed in the setting in order of the universe. In His wisdom God purposed that after labor should come rest, so He instituted the Sabbath and designated it as a day which was to be used for His glory and for man's benefit. The Sabbath was ordained of God for the good of man's physical, mental, and spiritual natures. On the Sabbath man was required to cease his labor, to draw apart for rest, and to take time to meditate on the things of his Creator and Lord, and to build his spiritual life. Just as man's body needs rest from the labor of six days, so his spirit needs the strength that comes from the true worship of God. If six days are needed to labor for ourselves and for others, surely one day should be used to build up our spiritual lives.

Just as the Jewish Sabbath was a day of rest and afforded an opportunity for the worship of God, so the Lord's Day is a day on which God wants present-day Christians to study the Scriptures, meditate, pray, and engage in public worship. Any Christian who does not observe the Lord's Day by resting from labor and by worshipping God is a lesser, even though he may profit financially by so doing for the time being. In the life in which work, rest, and worship are kept in proper balance there will be an inner peace and various splendid achievements.

Matthew 12:1-8

Repeatedly Christ was involved in conflicts with the religious leaders of His day who sought to impose numerous restrictions upon Him and His followers.

One sabbath Christ and His disciples were walking through a field of grain. The hungry disciples began to pluck the heads of grain, to separate the kernels from the chaff, and to eat the raw kernels, which was a common practice.

Hoping to counteract His influence with the people, the critical Pharisees seized their opportunity to challenge Christ by contending that He permitted His disciples to violate the law with

reference to the sabbath. These fanatics sought to make it appear that plucking the heads of grain, rubbing out the kernels in their hands, and masticating the raw kernels were equivalent to reaping, threshing, and grinding.

Christ brushed aside their traditions, defended the right of His disciples to do what they did, and expressed His approval and support of them. He reminded them that their hero, David, had eaten the shewbread when he and his men were hungry. He called their attention to the work of the priests on the sabbath in making the necessary preparation for the sacrifices.

Upon entering the synagogue Christ observed a man whose hand was withered and useless. Anticipating that his helpless condition would appeal to Christ, the Pharisees asked, "Is it lawful to heal on the sabbath days?" With a look of indignation cast toward those hardened Jews, Christ made reference to the incident of pulling a sheep out of a pit into which it had fallen on the sabbath. He taught that, because man is far more valuable than a sheep, it was right and lawful that he should be healed on the sabbath.

In the light of Christ's teachings that human life is more important and sacred than the sabbath, in the same way that it is of greater value than all material wealth, works of mercy on the sabbath were quite permissible, and were by no means a violation of God's commandment. Through the marvelous power of the Great Physician the withered hand of the paralytic was healed, even though the Pharisees considered that act of mercy on the sabbath a terrible sin.

## Bible Thought

In this rejoice not, that spirits are subject unto you, but rather rejoice because your names are written in Heaven. — Luke 10:20.

The greatest successes that we achieve in our daily conflicts are as nothing compared with the assurance of ultimate and eternal happiness.

# Junior Varsity Days Over; Lakers Will Be AAA In '79

By TONY WILSON  
Sports Editor

The building period is over, and Calloway County will enter the world of varsity football in the fall of 1979. After two years of junior varsity games, the Lakers will compete on the AAA level for a district standing and possible playoff berth.

Not that football wasn't taken seriously this year, or last year. But coach Stan Outland hopes that the label of "big-time" football will help in the numbers game next year.

"We had 35 go out this year, and 27 finished the year," said Outland. "Maybe it's just the tag 'junior varsity' that some kids didn't like. We're hoping to get many more out next year."

Calloway finished this season with a 2-8 mark, giving it a two-year won-lost total of 4-14.

"Five key players for us last year just didn't go out this year," Outland said. "A couple decided to work, and another just didn't want to put out the effort. That hurt."

The Lakers were shut out in

their first two games and lost a third to Heath 26-6 before topping Lone Oak 12-6 for their first win.

Three more losses followed, but Calloway nipped Reidland 14-12 for its last victory. Losses to Fulton City and Camden, Tenn., finished the year for the Lakers.

"The past two years have been a good learning experience, but I'd would just have soon played varsity this year," said Outland. "We faced a lot of varsity people in those junior-varsity games."

Calloway managed to match its opponents in rushing statistics, netting 845 yards on 340 attempts. Its opponents gained 876 on 307 tries.

But the real difference surfaced in passing statistics. Laker foes completed 48 of 129 for 666 yards, while Calloway hit on just 5 of 55 for 135 yards — as Outland is well aware.

"I'm as concerned with our pass defense as I am with our passing," Outland said. "We're going to have to strengthen ourselves in both areas."

Senior John Canady played a significant role in what success the Lakers enjoyed. He led the team in rushing with 411 yards on 100 attempts; caught two passes for 69 yards, also tops; returned 15 punts for 73 yards and ranked second in tackles and assists totals with 42 and 16, respectively.

Sophomore Mickey Buterworth was the only other Calloway back to break 100 yards in total rushing. He picked up 168 on 73 attempts.

Ricky Barrow returned 18 kickoffs for 253 yards to lead in the department, and Mike Shipwash handled the punting chores, averaging 29.1 yards a boot on 43 kicks.

Shipwash also led the Laker defense with 52 solo tackles and 31 assists. Other leaders were Mark Young, 42 and 17; Tim McAllister, 40 and 23; Marty McCuiston, 32 and 11; and Roy Williams, 39 and 6.

## Holmes Heavily Favored Tonight

By the Associated Press  
LAS VEGAS, Nev. — Larry Holmes, who for much of the week has had to share attention with the great Joe Louis, gets the spotlight all to himself tonight when he fights Alfredo Evangelista.

The scheduled 15-rounder for the unbeaten Holmes, considered by many boxing people the most talented heavyweight in the world today, will be the first defense of the World Boxing Council title he won from Ken Norton on a decision last June 9.

Louis, the feared Brown Bomber of another era, was honored at a testimonial dinner Thursday night attended by stars of sports and show business.

Holmes is an overwhelming favorite to beat Evangelista, who went 15 rounds with Muhammad Ali in a losing title bid in 1977.

The Lakers were outscored in every quarter in season totals, but the most against them — 47 — was in the fourth. "That's an indication of our lack of depth," said Outland.

"We just wore out when it got that late in the game."

Though the football this season may have been junior varsity, the Laker playing field was not. Calloway played all its home games at Roy Stewart Stadium, the Murray State complex. "I think our opponents enjoyed playing on that surface as much as we did," said Outland.

Calloway hopes to be on its own field next season behind the high school. It has been graded, but water lines and lights have yet to be installed.

"We never saw a field with lines this year until our games," said Outland. "We had to practice in front of the high school. At least we won't have to do that next year."

## Picker Says Key To NFL Season Is Playing At Home

By HAL BOCK  
AP Sports Writer

Okay, folks. Gather 'round while the Pro Picker lets you in on a little secret. He has located the key to this crazy-quilt National Football League season. To win, you simply have to play at home.

Careful studies of computer printouts and the weekly scores reveal that through 10 weeks, NFL home teams hold an 83-67 edge over visitors. That's a .593 percentage compared to .407 for clubs playing on the road.

Armed with this vital piece of data, the Pro Picker steps forth boldly and picks the home and road teams to split down the middle this week. Last week's 9-5 made the season's mark 81-58, for .583, which is better than road teams but not quite as good as those playing at home.

The Picks:  
Pittsburgh-27, Los Angeles 20  
The Rams want to fool around? Okay, try fooling with the Steelers on prime time, network TV.

Denver 17, Cleveland 14  
The Browns gained 28 yards rushing last week against Houston. That's all for the Browns. And Denver's defense has some making up to do for that debacle against the New York Jets.

Dallas 23, Green Bay 14  
The Cowboys simply can't afford anymore setbacks. And the Packers are starting to hear Viking footsteps over their shoulders.

New England 27, Houston 17  
The Pats love that Foxboro feeling. They're on a sevensgame tear and won't let the wild card hopeful Oilers interfere.

## Prep Football Playoffs Begin Tonight

By the Associated Press  
LOUISVILLE, Ky. — Several season-long luminaries have been unceremoniously shunted aside, but that won't stop a 40-team field from starting the Kentucky high school football playoffs tonight.

Eight teams ranked in final regular season poll have been excluded from the playoffs — including Lexington Henry Clay and Heath, which missed postseason berths through their only losses of otherwise highly successful seasons.

Five more ranked teams will be cooling their heels after the dust clears from this weekend's opening round of action. Three of the five top-ranked clubs will be putting their seasons on the line against ranked opposition.

In Jefferson County, No. 1 Trinity, 9-2, opens its bid for another Class AAAA title when the Shamrocks meet No. 5 Fern Creek.

Unbeaten Breathitt County, 11-0, of State AAA tackles its

stearnest opposition of the year in second-ranked Russell, 8-3.

And, in State AA, No. 1 Mayfield, 10-0, faces a first round tangle in fifth-ranked Glasgow, 9-2.

In other games involving top-ranked teams, No. 1 Christian County, 9-1, is at Henderson County, 8-2, in a State AAAA clash, and Paintsville, 9-0, of State A hosts Pineville, 9-2.

In other first round playoff games matching ranked teams, No. 3 St. Xavier, 9-2,

meets No. 4 Ballard, 9-2, in Jefferson County while, in State A, No. 2 Tompkinsville, 10-1, meets third-ranked Fort Campbell, 8-3.

Here's a look at this week's playoff schedule:

—Jefferson County AAAA: Trinity vs. Fern Creek; St. Xavier vs. Ballard; DeSales, 8-3, vs. Butler, 8-3; and No. 2 Bishop David, 9-2, vs. Stuart, 8-3.

—State AAAA: Christian County at Henderson County; Marion County, 7-3, at Franklin County, 7-3; No. 2

Lexington Lafayette, 7-2, at Lexington Bates Creek, 5-6; and No. 5 Boone County, 10-1, at Boyd County, 6-4.

Third-ranked Henry Clay, 9-1, and No. 4 Bowling Green, 8-2, are out of the playoffs.

—State AAA: Union County, 7-4, at Franklin-Simpson, 8-3; Shelby County, 5-6, at Woodford County, 8-3; Erlanger Lloyd, 8-2, at Jessamine County, 8-3; and Breathitt County at Russell.

Fort Thomas Highlands, Meade County and Newport Catholic, ranked 3-4-5 in State

AAA, are out of the playoffs.

—State AA: Mayfield at Glasgow; Fort Knox, 9-1, at Lewis County, 10-0; No. 3 Somerset, 7-3, at Middlesboro, 7-4; and Whitesburg, 6-5, at Pikeville, 10-0. No. 2 Heath and No. 4 Corbin, both 9-1, are out of the playoffs.

—State A: Fort Campbell at Tompkinsville; No. 4 Richmond Madison, 7-3, at Owen County, 7-3; Beechwood, 8-2, at Nicholas County, 7-4; and Pineville at Paintsville.

No. 5 Hancock County, 9-2, is out of the playoffs.

### Murrayans Honored By Tennis Group

Two Murrayans were honored recently at the Kentucky Tennis Association's annual banquet.

Mel Purcell was recognized as Kentucky's tennis player of the year and Hunt Smock was named secretary of the KTA.

Also honored at the banquet was Mickey Schad, who has done an outstanding job with his juniors at the Lexington Tennis Club, as pro of the year.

Other awards: Tennis family of the year, the Ramblers of Louisville. Emmett is KTA treasurer, Pat is active in junior affairs, daughter Bev is four-time winner of the state high school championship, and daughters Cathy and Laura are ranked juniors.

Umpire of the year is George Lord of Louisville, a teacher and wrestling coach at Ballard High. Mary Lee Fischer of Louisville received the service award and the sportsmanship award went to Bev Ramser and Lynn Bybee, both of Louisville. Bev is now at Indiana University and Lynn is at Brigham Young.

Bob Howard of Lexington is KTA president and Rick Kincaid of Louisville is vice president.

## OVC Title Chase To Remain Up In The Air

By the Associated Press  
The chase for the Ohio Valley Conference football title will remain up in the air this weekend since neither of the title contenders will be playing a league game.

OVC leader Western Kentucky, the fifth-ranked Division 1-AA team, has the weekend off to prepare for next Saturday's season finale at Murray. Ninth-ranked Eastern Kentucky, currently a game behind Western, steps outside the league to entertain Akron.

In the only conference action on Saturday, Tennessee Tech is at Austin Peay in a battle of also-rans. Each club has two losses and was eliminated from title consideration last weekend when

Western Kentucky clinched a share of the championship with a 54-0 romp over Middle Tennessee.

In other games involving OVC teams, Middle Tennessee hosts East Tennessee and Murray travels to Eastern Illinois.

Morehead also has the week off.

Western Coach Jimmy Feix, who'll have Saturday off for the first time this year, hasn't gotten used to the idea that his Hilltoppers have defied the odds to snare the league championship.

"Not in my wildest dreams would I have thought we would be OVC champs," Feix admits. "We were hoping for a rebuilding year, but an 8-2 record would be unbelievable."

"If we are going to have an open date, this is the best time for us," Feix added. "We'll work just as hard this week as we have been, and try to keep our momentum going right into the Murray game."

Western, with a 5-0 league record, can clinch the title outright with a win over Murray, no matter the outcome of Eastern's final game with Morehead.

This week, however, Eastern must worry about Akron, the newest OVC member but ineligible for the title until next year. Eastern, 6-2 overall, is fifth in Division 1-AA rushing at 257.7 yards a game and features the division's No. 9 rusher in Dale Patton.

## Will Success Spoil Christianity?

The great revival of Christianity has been widely commented upon. The reasons for this phenomena are many and varied. The return to Christian values is a welcome change from the aimless existence of many. Yet there is a danger in this sudden success. It lies in the misinterpretation and even abuse of the Christian doctrine by those seeking their own ends. This can turn many away from authentic Christianity.

You, as a committed Christian, can prevent this from happening. If your life serves as a shining example of all the best that is in your religion then all those who know you will be inclined to accept it. Christianity can continue to grow and thrive only if true Christians proclaim it. Don't let success spoil Christianity.

# Wind Sinfonietta To Perform Four New Compositions

"What's Happening Now?" If you are one of those people who are interested in "What's Happening Now," you will want to attend the concert by the Murray State University Wind Sinfonietta on Tuesday, November 14th, a spokesman said.

Four new compositions by American composers will be performed for the first time to Murray audiences and all four contemporary works have been published within the last year.

"Studies in Motion," by Fisher Tull, was designed to explore the spatial possibilities of the instrumental ensemble. In this regard, the customary melodic and rhythmic parameters of music are subjugated in favor of shifting textures and tonal colors. A unique aspect of the composition is its quasi-aleatoric sections in which the conductor assumes control of the motion of the sounds.

Another important addition to the band's literature is John Chances' "Symphony No. 2 for Winds and Percussion." This is a brilliant and stunning work in three movements, based on the four-note motif of C-sharp, D, F, and E.

One additional highlight of the 8:15 p.m. concert will be the appearance of Marta Jean Hofacre, instructor of applied trombone, jazz studies and conductor of the University trombone choir, who will perform Arthur Pryor's famous trombone solo, "Blue Bells of Scotland." Ms. Hofacre earned her bachelor's degree from Bowling Green State University of Ohio, and the master of music degree from the University of Michigan at Ann Arbor.

Other works to be presented on the concert, to take place in the Recital Hall - A of the Price Doyle Fine Arts Center, are: "Kaddish" by W. Francis McBeth and "Prelude E Danza" by Robert Paneris.

Friends of music will want to attend this most unique concert by the Murray State University Wind Sinfonietta, conducted by Professor Paul W. Shahan, which is open to all without charge, the spokesman said.

Mystery writer Margaret Miller, married to U.S. novelist Ross MacDonald, was born in Kitchener, Ontario, in 1915.

## Head Start Applications Being Taken

Murray Head Start is now accepting applications for its Home Start Program. Home Start stresses the parent as the primary educator of the child. A home visitor visits the home once a week, and the child comes to the Head Start Center two afternoons a week. Transportation to and from the Center can be arranged.

Since Head Start is a federally funded, primarily low income program, it has income guidelines. The guidelines for 1978 are \$6200 for a family of four. The Murray Head Start program is now accepting applications for the 1978-79 school year for its Home Base Program. It is especially interested in County Children, but will be happy to receive city children also said Sharon Barrett, Social Services Coordinator.

Any parent having a child three, four, or five years of age who is interested in enrolling the child, or who desires more information regarding the program, may visit the Head Start office located on North 18th Street next to MSU Student Union Building or call 753-7286.

## LEARN FROM THE PAST-

## PLAN FOR THE FUTURE

### HOMESTEADING

A century or so ago it helped settle the West. Now it's helping resettle the inner city.

In 1862, the federal government offered free land to anyone who would occupy and cultivate it for five years. Today, pioneers who qualify can buy repossessed homes for \$1 if they agree to rehabilitate the houses and live in them for at least three years.

Techniques for homesteading may have changed over the years, but the reason is still the same: offering the opportunity for home ownership to as many Americans as possible.

To maintain this heritage and preserve it for the future, property owners must speak out on issues that affect them. The REALTORS® of America are an effective voice. Working with you and for you to keep our land and our country free and strong is one of a REALTORS' most important responsibilities.

## MURRAY BOARD OF REALTORS

## Despite Problems, Music Man Is Called A Success

By RICHARD W. FARRELL

The Murray-Community Theatre opening night production of "The Music Man" drew an enthusiastic response from the small audience in attendance, culminating in a standing ovation as the cast took their traditional curtain calls.

The setting of the show is in a typical small town in Iowa called River City, and it takes place shortly after the turn of the last century.

The opening scene takes place in an old fashioned railway coach headed for River City. The passengers are a group of traveling salesmen and the "shady" character of Harold Hill is established. He is noted for his quick selling confidence schemes and always seems to move on just in time to avoid being tarred and feathered by the people he has cheated.

Harold descends on River City in the middle of the summer and sets about organizing a boys' band. His plan is to sell instruments, uniforms and instruction books to the children of the

community and move on as soon as he collects the money from the sales. He must as he knows nothing about music.

He has many close encounters with disaster but is always able to avoid being completely exposed. His involvement with the people and their activities as he moves toward the ultimate swindle forms the basis for the main body of the production. The action is interspersed with some excellent music and it all makes for a fast, funny and enjoyable evening of entertainment.

Most of all the characters are caricatures of the popular concept of people in small towns in that era: the pompous mayor; activities of the ladies clubs and a local piano teacher; the activities of children both small and in adolescence. There are many good moments in the production and it totally merits community support.

The greatest problems encountered were of a technical nature brought on by opening night jitters and the physical problems en-

countered in a building not suited for this type of production. Lighting was too often inadequate and uncoordinated and at times the pace of the show lagged.

These problems were generally offset by some excellent performances. Pete Lancaster as Harold Hill was completely adequate for the demands of the role and made it come alive. The local school board played by John Hayes, Toby Roberts, Dan Stallings and Tim Hawkins, became a male quartet on several occasions and did an excellent job.

Margaret Porter, David Price, Joe Cowin and Ren Leys, carried out their in a most commendable manner. The vocal performance and presence of Mark West was of a quality beyond his years. The entire cast when combined to do several choral numbers, was excellent.

Some of the music in the production has not stood the test of time (since 1957) but the "Seventy Six Trombones," "Trouble in River City" and "Till There Was You" con-

tinued to live and will always be enjoyable.

Murray is fortunate to have an organization of this kind. It brings a dimension to the life of the community that can do nothing but uplift it. It is worthy of the support of the whole community and it is hoped that the attendance at the remaining performances

## Owners May Attend Register Conference

FRANKFORT — Persons owning property listed on the National Register of Historic Places may be interested in attending a grants conference being held by the Kentucky Heritage Commission.

According to Bill Hearn, the commission's preservation grants coordinator, the one-day conference is scheduled to begin at 9 a.m., Friday, November 17 at the Paul Sawyer Library, 305 Wapping Street, Frankfort. Its purpose is to give a summary of regulations and procedures pertaining to the administration of federal grants-

will reflect this support.

The leadership provided by the citizens of Murray under the direction of Richard Valentine are to be congratulated for their dedicated efforts and we can all hope for the day when an adequate home for the productions may become a reality.

in-aid for restoration and rehabilitation projects. It will give participants a chance to ask questions about the grants process.

The conference will cover state and federal regulations, applicant responsibilities, development of project plans and specifications and project administration and completion.

Anyone interested in attending the conference should contact Sarah Cunningham, Kentucky Heritage Commission, 104 Bridge Street, Frankfort, Kentucky 40601, or call (502) 564-4452.
